Re:- Purchasing Books for Office Library etc.,

Sir,

With reference to your letter No L 5627 dated 8th December 1944 enquiring whether the technical books proposed to be purchased by me are not available either in the Chief Engineer's Office or in the Mysore Engineer's Association Library etc., I have the honour to state that the books referred to by me fall into two categories viz Account Books and Technical Books. These essential books of reference are frequently wanted for day to day work and it will certainly be most inconvenient to get them from elsewhere each time they are required. These books will form the nucleus of the library which is a necessary adjunct in all Government Technical Departments and therefore their purchase may be approved.

As regards clock etc., I will try to manage with one clock and two time pieces for the present.

I request early sanction of the Government to the above.

I have the honour to be,
Sir,
Your most obedient servant,

Y Rameswara
Engineer Officer.
